

Payment Processing Built By and For Travel Professionals

ARC Pay offers effective, efficient options to process credit card transactions for any travel-related products and services. Submit your credit card charges through a preferred GDS or ARC Pay Hub, and your transactions will be settled via weekly reports with funds deposited directly into your bank account.

How is ARC Pay Different?

Easy Integration

ARC Pay transactions feed directly into your back-office systems, streamlining reconciliation and reporting.

IAR Consolidation

Along with air ticketing, ARC Pay transactions are consolidated within the ARC settlement environment.

Single-Merchant Management

Using ARC Pay eliminates the need to manage multiple credit card merchant accounts.

Use ARC Pay for all your travel-related transactions

Payment Processing for VTCs Inside My ARC

ARC Pay Hub is an easy-to-use, web-based credit card processing tool. It's ideal for smaller agencies or Verified Travel Consultants (VTCs) that need a simple payment workflow where GDS access or API integration is not available.

Seamless Payment Acceptance

COMING SOON

ARC Pay API will enable all popular payment methods and give your customers a smooth, one-click payment experience. It will also help agencies shore up PCI compliance when capturing credit card information within their booking tools or company websites.

ABOUT ARC

An industry leader in air travel intelligence and omnichannel retailing, ARC provides platforms, tools and insights that help the global travel community connect, grow and thrive. ARC enables the diverse retailing strategies of its customers by providing flexible settlement solutions, innovative technology and access to the world's most comprehensive air transaction dataset. In 2019, ARC managed more than \$97.4 billion in transactions between airlines and travel agencies, representing more than 302 million passenger trips.
